

# OTTAWA IS AMUSED BY N.Y. FINANCIER

Immigration Expenditures Have  
Embarrassed Canada, Says  
Col. Thompson

STATEMENT SHOWN TO  
BE GROSSLY INCORRECT

Each Immigrant Cost Country  
Only \$4 is Statement of Min-  
ister of Interior

By Bulletin Leased Wire.  
Ottawa, July 19.—The authorities at Ottawa are greatly amused over a statement alleged to have been made in London by Col. R. M. Thompson.

financially embarrassed in consequence of the large immigration flowing into the country. Col. Thompson is quoted as saying that each immigrant costs the country \$1,500, and that last year the total immigration cost was sixty million dollars.

**Canada Has Really Profited.** The fact is that for the last seven or eight years Canada has derived its chief financial profit from immigration. A conservative estimate place the average amount of cash capital brought to the country by each immigrant at \$2,000. Last year alone there were two million people have come in bringing to Canada not less than two billion dollars.

Canada has derived from immigration, as most of the immigrants take to agriculture, a very important source of crops which add enormously to the wealth of the country. To meet the needs of the immigrants extending over a large area, the railroads and municipal facilities are required but these, of course, are not regarded as an expense. The money for such expense is borrowed or obtained from the government, which constitutes a prime asset.

**Cost Less Than \$15 Apiece.**

As a matter of fact instead of each immigrant cost the government \$150, the cost less than \$15 a piece.

Mon. R. Roche, minister of the interior, said: "It is difficult to keep the cost of the immigrants low. There is a great deal of feeling there."

He further stated, "Last year our total appropriation was only in the neighborhood of one and a quarter millions and we brought out 492,000 immigrants, so it can be seen that the cost per head to the country was only about four dollars. It is ridiculous to include all those expenses quoted by Thompson as part of the cost of immigration. I do not know who Col. Thompson is, but evidently he is not a Canadian."

# RECEPTION TENDERED TO MGR. STAGNI

(Continued from Page One.)

used, he felt it to be a stimulating fact that never in his life had he met such a heterogeneous gathering. Rome was the centre of heterogeneous civilizations. She might be said to have taken the middle of the world for in her pagan days she disseminated the influence of her institutions, customs and discipline over the habitable world. And then came Christianity, which Peter had down his life had radiated all over the civilized world. Still in older countries it was not often such gatherings were found. It was for these new countries to bring from the midst of different races for the building of the reception.

## Thankful for Reception.

"And now I must thank his grace the Archbishop of Edmonton for inviting me here," said Mr. Stagni, "and those who have so successfully organized this affair. I am also most grateful to Mayor Short for having favored us with his presence. I think those who while not sharing our faith are here to show respect to that moral authority which stands for truth and righteousness. You in the new country are all co-operating for your country's good. Our Catholics need citizenship is an essential thing. By the tenets of our faith we are bound to be good citizens. And a Catholic will be the better citizen for having the letter of the law. I think that Catholics, I will not say what I think of them. (Laughter.) A bad Catholic is a great thing. I think of the Catholic religion. You Catholics have a great responsibility. Speak to your Catholic brethren by your example. If you Catholics want to help your religion, let your example do it for you. Silence with example is better than words without it." (Applause.)

"Let your words," said the delegate, "be only in essential things. Do not do things lightly. Be tolerant to those who differ with you. In all things preserve charity."

## Development in Edmonton.

Mr. Stagni then spoke of the development of the city in Edmonton and paid tribute to the earnestness and devotion of the city fathers. He must not forget their debt to those who had borne the burden and heat of the day.

Addresses of welcome in the discourse were delivered in five different languages and appropriate replies given to each. At the conclusion of the speeches the audience filed round to make the acquaintance of the delegate.

This afternoon Mr. Stagni will open the new dental college at five o'clock, on 25th street and Sticksen avenue.

## ADMITTED RAISING CHECKS.

Montreal Man is Arrested in New York Charged With Larceny.

New York, July 9.—Alfred Lapierre, formerly the manager of the Fashion Craft company of Montreal, was arrested here tonight by detectives on a warrant issued by Montreal charging him with larceny to the extent of \$15,000.

Lapierre not only admitted that he had taken the amount charged in the warrant but also admitted that he had a present account over his books. The amount he found that the real shortage was between seven and eight thousand dollars. He added that for two years back he had been raising checks signed by his employees.

# WESTERN PRESS ASSN. MERGES WITH EASTERN

Decision Reached at Annual Meeting

By Bulletin Leased Wire. Winnipeg, July 10.—At the 27th annual meeting of the Western Canada Press Association, held at Winnipeg, it was decided to merge the Western Canada Press Association with the Eastern Canada Press Association.

The members of the Western Canada Press Association will continue their local organization under the name of Manitoba-Saskatchewan division of the Canadian Press Association. The division will comprise its membership the newspapers of Alberta, Saskatchewan, Manitoba and Ontario, west of the great lakes, which are members of the Canadian Press Association. These newspapers now number approximately 150, but will be considerably increased by the addition of a series of direct press connections which it was decided today will be made through the western provinces during the summer.

The merging of the Western Canada Press Association in the Canadian Press Association is the first step toward the unifying of the various provincial and inter-provincial press associations throughout Canada in one strong national organization. Some of these associations are now affiliated with the Canadian Press Association, but it is proposed to bring them all under the same banner. When this has been accomplished the direct membership of the Canadian Press Association will include the great majority of the newspapers of every province in Canada. It will also be members of local provincial and inter-provincial divisions of the Canadian Press Association.

Before returning to Eastern Canada, the secretary will discuss this and other work of the Canada Press Association with the newspaper publishers of several western cities.

## Jones and Carter to Reconnect.

# SUFFRAGETTE CONFESSES TO INCENDIARISM

Mrs. Rigby Declares She Set Fire  
to Sir William Lever's  
Residence

RESPONSIBLE ALSO FOR  
LIVERPOOL BOMB OUTRAGE

Another Suffragette Released Be-  
cause of Illness Caused by  
Hunger-Strike Strife

Liverpool, July 10.—A dramatic confession of incendiarism was made by Mrs. Edith Rigby, a well known militant suffragette, and wife of a physician at Preston, to the magistrate sitting in the police court this morning. Mrs. Rigby declared it was she who had on Tuesday, January 12, 1910, set fire to the residence of Sir William Lever, at Liverpool, causing damage estimated at \$10,000. She further confessed to being the perpetrator of the explosion at the Liverpool Cotton Exchange on July 4, which a bomb exploded, but caused little damage.

Mrs. Rigby surrendered voluntarily to the police. When questioned today she gloried in the achievements, saying she wanted Sir William Lever to consider whether his house was more valuable as a show place than as a house for his wife and children. She said she was a woman of the county to see women suffering a grievance.

She told the magistrate: "I ignited that house. I also planted the explosive in the Liverpool Cotton Exchange to show how easy it is to procure them. I meant just to get in public buildings. I meant just to get in public buildings. I meant just to get in public buildings."

Mrs. Rigby has been imprisoned five times in connection with the suffragette movement and was on several occasions released owing to the breakdown of her health after "hunger strikes."

Why She Chose Cotton Exchange.—Mrs. Rigby, in her statement, said: "I chose the Liverpool Cotton Exchange because the cotton industry has been built up largely by women's labor. The merchants are willing to let power and wealth out of the hands of the women, while the women themselves are denied the vote and citizen ship."

This is the first kick at the vote. Under the Act and Motion, at one of the greatest women in the land is going to be done to death. If the government is willing to kill that woman this is a warning."

Both Hunger and Third Strife.—London, July 10.—Miss Clara Elizabeth Garvin, who with Kitty Martin was sentenced on July 2nd to three years' penal servitude for setting fire to the statue of Alfred the Great, was released from prison today in a serious condition of health, suffering from a "hunger and strike."

300 MEXICANS ARE  
DROWNED IN DAY

Surprised by Hurta Force Constabularies Attempt to Swim Bay at Guaymas

Tucson, Ariz., July 10.—A belated communication from Guaymas, in the hands of the Mexican consul today, says that three hundred Constitutionalists soldiers met death today when they swam across the bay when the state troops were repulsed by a hidden force in their attempt to enter the California Gulf port.

The message states that General Olvera, after his retreat to the federal base, arranged an ambush to surprise the pursuing Constitutionalists and that eight hundred federal troops upon the state troops who fled in a disorder, leaving many dead and wounded behind.

Chicago's men were celebrating what they believed to be the fall of the federal base when the federal closed in upon them.

## NO MONEY STRINGENCY AMONG DAIRY FARMERS

Development of Growing City Makes Demand for City Products.

Growing City of City Products. Property in Dairy Farm.

The residents of the city who buy milk, cream and other dairy products, are not alarmed by the city's rapid growth. The demand for dairy products and this is not only for the city but for the city.

There is no money stringency in the dairy farming communities where the supply comes from the city.

A collection for an agricultural improvement fund reports that there is a marked improvement of financial conditions of the farming communities where milk farming is developed and dairy products are shipped to the city. This even will land much of value as pasture for a dairy herd.

Building Cow Barns.

For example at Clover Bar many of the farmers are erecting large barns and stables. The new barn of value as pasture for a dairy herd.

When the farmers are engaged in milk farming there is no money stringency in the dairy farming communities where milk farming is developed and dairy products are shipped to the city.

## Contractors Say Workers' Funds Will Soon Run Short

Expect Striking Electrical Workers Will Be Forced to Give in From Lack of Means—Men Are Confident of Strength and of Justice of Their Cause.

"We are in this fight to win. Not because of our money, or for the love of a fight, but because we are right."

These are the words of the striking electrical workers, numbering 150 to 200 men, members of the International Brotherhood of Electrical Workers, Local No. 844.

Both sides in the strike are holding out. The contractors state that all the electrical firms in the city are standing solidly together. To ask what they consider the excessive demand of the men, while the men are just as convinced that they are in the right and declare that they are going to win out.

Will Funds Hold Out?

In strike, as in war, it is very often the matter of the purse with the longest purse wins, and the contractor thinks that the strike will run out of money and want to return to work.

One local contractor ridiculed the idea of the men starting in business for themselves on a co-operative basis, saying that he did not believe the men were smart enough to do so.

This assertion is regarded by the men as an unjust reflection on the financial standing and business capacity of the men.

During 1912 there were \$42,000 of railroad construction in Chile at a cost of \$1,390,000.

city and skill. They state that a committee is already working on the plan to establish a co-operative electrical workers' association, which will take contracts and operate all lines of electrical wiring lines.

The men also strongly resent the imputation that this strike is being conducted by the incompetents among their class. Against the charge that only the incompetents are dissatisfied and that good men are all they want, Secretary Henry Miller stated yesterday there were only four men in the city who were receiving, at the present time, the minimum salary for the present agreement, five, sixty cents per hour.

Oversees, three of these men are on the committee of the Electrical Workers and are directing the forces of the present fight. Another member of the committee is the foreman for one of the leading electrical firms in the city, while the other two members of the committee are both electricians and are among the best electrical men in the city.

## OFFICIALS DENY EIGHT HAVE BEEN DISMISSED

Protestants in Calgary Land Titles Office Total Only \$125, According to Statement of Police—No Arrests Have Been Made.

Calgary, July 10.—Officials of the land titles office here emphatically deny to the statement that eight employees have been discharged in connection with the protestations which were checked two weeks ago.

It is alleged that the provincial police are satisfied that only one party is concerned and that the total amount of the protest is only \$125. It is claimed that a perfect check between the day book and cash book has been obtained depriving the employees that the protestations had been going on for a number of years. No explanation can be given for the theft of books from the office.

## GERMAN CATHOLIC CONVENTION ENDS

Reception of Bishop Hudak, of the Ruthenian Rite, in Winnipeg.

Winnipeg, July 10.—The third and last day of the German Catholic convention commenced this morning with the reception of Bishop Hudak, of the Ruthenian rite, the first bishop in the Canadian West who speaks German. The reception was in the form of a procession to the presbytery to receive him and thence to the church. The procession was composed of the children of the parish, the congregation, including the delegates and the clergy, marching under the Maple Leaf flag. After the reception, pontifical high mass was sung to Bishop Hudak, bishop of Prince Rupert, in the presence of Mr. Hudak, Mr. Pucel, was assisted by Rev. Father Peter Prie, of the R.C.M., of Munster, Sask., and Rev. Father John of Regina, who acted as deacon and sub-deacon respectively.

Immediately following high mass, greetings were given to Bishop Hudak by Mr. Wehrman, president of the convention. Mr. Hudak replied in German, and his remarks were received by great applause and cheers. An eloquent speech on the German language in the school and academy was rendered by Mr. Hodelmeyer, after which A. Schenckel gave an interesting lecture on banking. The morning session of the Volkverein was closed by a lecture "Kulturkampf Germany," by Paul Kelsch.

## RESPONSIBLE FOR WRECK, First Officer Fitzsimmons Held to Blame for Stranding of Steamer.

Hull, July 10.—Wreck Commissioner Lindsay has given his decision in the matter of the stranding of the steamer Walansa off Chatham Point, in the Gulf of St. Lawrence, on June 24th, under charter to the Dominion Coal Company, and stranded in the cold trade between Quebec and Montreal. He said the vessel was entirely due to the total disregard of the masters on board and lack of judgment of First Fitzsimmons, the first officer, in allowing the vessel to approach too close to the land without either cutting the engine or making an attempt to haul her out into safety, and the court therefore suspended his master's certificate for six months.

## AMERICA IS RID OF JACK JOHNSON

Negro Pugilist Says He Will Reside in the Future in Paris

HAVE, FRANCE, July 10.—Jack Johnson, the negro pugilist, arrived here today and heard the "Gumshoe" and immediately on landing expressed his intention of returning to the United States. He said he would in the future take up his residence in Paris.

Jack Johnson may not find refuge in France, in the opinion of State Department officials. They say that while probably there is no provision in the extradition treaty under which his surrender could be demanded, the French authorities, even without a formal appeal from the United States government, may deport Johnson, as the most European countries, France is understood to have been prohibiting the immigration of persons convicted of crime in his own country.

To Forfeit \$20,000 Bond.

Washington, July 10.—Jack Johnson's announcement that he would reside in the United States and the Department of Justice officials immediately to consider steps to bring about the forfeiture of his \$20,000 personal bond received in Chicago for his appearance in connection with the fight with Jim Braddock, whom which he had not been tried.

John G. Edwards, a few days ago, declined to declare the bond forfeited until it was clear that Johnson would not appear when wanted. The Department of Justice, it is said, has declined to accept the bond.

Government attorneys expressed no regret over the negro's announcement. A few days ago officials considered the advisability of asking France to order Johnson's arrest, but it was decided to let the case take its usual course. Their view was that there could not be objection to his absence from the country and if he should be arrested, the immigration authorities would always be enforceable, providing the circuit court of appeals approves the verdict.

## THE KUHN WITHDRAW FROM TRUST COMPANIES

Pittsburg, Pa., July 10.—Further resignations of J. K. and W. S. Kuhn from all connection with financial interests in Pittsburgh were announced today. Both the men who held the majority of the stock of the First-Second National Bank, which was closed by the deputy controller of the currency on Monday, removed themselves from the directorate of the Colonial Trust Company of this city and W. S. Kuhn took like action with respect to the board of the Commonwealth Trust Co.

Conditions today have settled down to normalcy. The run on the Pittsburgh bank for savings which subsided early yesterday afternoon was not resumed today.

SUES DR. WHITEHEAD.

Miss Ferris, formerly superintendent at the Isolation Hospital, has through her solicitor, J. A. McCaffery, instituted a suit against Dr. E. J. Whitehead, medical officer in charge of the hospital, in which she seeks \$7,000 damages for alleged slander and defamatory statements and other matters. Miss Ferris, it will be remembered, brought action against the hospital for one month's wages for being dismissed from the Isolation Hospital without notice. She won in the police court, and again, when the city appealed the case, secured a decision in her favor when the case was heard by Judge Crawford. Miss Ferris has waived the present suit for damages in certain alleged statements which Dr. Whitehead is said to have made.

## SHOULD DIVEST ITSELF OF ITS TROLLEY LINES

This is Suggestion of Interstate Commerce Commission Report on New Haven Road, Which is Said to Have Paid \$12,500,000 for Nothing.

Washington, July 9.—The report of the Interstate Commerce Commission on the New Haven railroad was made public today. The report in the main is a criticism of the financial operations of the company. In favor of the railway is set forth that it gives fair rates and an adequate service, and that what it wants is rest and an opportunity for constructive work.

The truth is, says the report, that as much criticism has been directed against carriers in recent years that they have not had a fair opportunity for the operation of their properties. The principal suggestion the commission makes is that the railway company should divest itself of its trolley lines. It has little to say about the Boston and Maine merger, except that the New Haven remains in control of the Boston and Maine line is danger of an exclusive monopoly.

The chief findings against the railway company are:

That between 1903 and 1912 the company expended \$24 million of its own funds in the purchase of the Rhode Island trolley, the company paid \$12,500,000 "for nothing," that the investment in the trolley properties represent \$34 million dollars, while their value at present is six million dollars.

That the Westchester road cost 12 million dollars more than their value. That in the transfer of Boston and Maine stock to J. I. Hillard by the company and the subsequent purchase from him of the same stock, Hillard made more than \$2,700,000 without the investment of one dollar.

The methods of the company in its financial transactions come in for a severe criticism. It is said in the report, "to account for these circuitous and unbusinesslike proceedings, these methods employed for similar financial transactions are also deemed to be unnecessarily wasteful and complex."

## FARMERS FLOCK TO THE WINNIPEG FAIR

Exhibitors at Winnipeg Show Have Not Forgotten Agricultural Interests and Brightly Decorated Quarters Gave the Eye of Incoming Crowd.

Winnipeg, July 9.—Only once a year does Winnipeg see so many farmers file into as there were today on the occasion of farmers' day at the industrial exhibition. The exhibitors were ready, too, and the parts of the fair that would appeal to the farmer also were ready and running smoothly as the first of the countrymen walked into the big gate.

The important work of judging prize stock went on busily. Everything is now running smoothly as the farmers found today. Before all the municipalities attended a luncheon for the occasion seated at long tables. Addresses by the mayor, and members of the legislature were given. Several of the guests came from Eastern Ontario, and to a man compared the excellent fare in the West with the restricted fare of the east.

One incident of the day was when Jockey Silverthorn, riding for H. E. the first of many, took his first broken in two places today when Prince Philanthro stumbled against the fence of the ring, and fell from falling under the horse he rode two fences in succession.

The following are today's results of horse judging:

## Around the City

Walter Steiner, an ex-capt. of San Francisco, is in the city to report on all prospects of the territory west and north of Edmonton.

The automobile belonging to J. E. Wallender, stolen from outside the junction club on Tuesday evening, has not yet been recovered.

Detective Meahan has recovered a fox, the loss of which was reported last week. The animal was found four miles to the south east of the city.

Col. J. J. Stanger left last night for Victoria, where he will join party from Toronto and proceed to Alaska, returning about the middle of August.

John C. Hanna was arrested by Inspector Campbell last night on a charge of vagrancy. A motion picture is alleged to have been found in his possession.

The annual picnic and excursion of the Sons of England society will be held on Saturday next, July 12. A special train will leave at 10:15 A.M. and return at 7:30 P.M.

At the city police court yesterday, Inspector Hadden handed out a suit sentence to a man named Alton White, who was charged with indecent exposure on Jasper avenue. He is ordered to be confined in Leith bridge jail for four months.

August Wolf, of the Citizens' Press, received information yesterday morning that Charles M. Sheldon, the noted English war correspondent and author, who is touring here to obtain drawings and articles for the illustrated London press, will visit Edmonton in the course of a few days.

### MARRIED

In McQuibbin church by Rev. W. L. McQuibbin, on Saturday, July 10, Evelyn Nellie Farmer was united in marriage to James Morgan, both of Edmonton.

At the same church, by the same minister, on Wednesday, July 10, Miss Ella Margaret Blough was married to Mr. George Earl Patton, both of Morrisville, Alta.

### NOT YET IDENTIFIED

The body of the man found in the river at Skaro Ferry on Wednesday evening has not yet been identified. Sheriff Major Emery, of the Mounted police, stated last night that the officer who was sent to look after the body had not yet returned. The body, he said, was being held at Lamont pending identification.

### MAN REPORTED MISSING

It is supposed that one Kenneth Avenue, reported to the city police last night that Joe Green, living in the same address, was seen on Wednesday morning at seven o'clock, to the purpose of searching the river. He had not been seen since. Police are entertained for his capture. He is described as a man 11 inches in height, fair hair, clean-shaven, and dressed in blue corduroy. Mr. Saunders said he had no money, and borrowed two street car tickets before leaving home.

### LAND OFFICE MOVES NEXT WEEK

The Dominion land office is to be moved for business on Monday morning on the ground floor of the Alexander block on Howard street. Instructions have been received by the agent, Alex. Norrington, from the Dominion commission of lands and forests, Ottawa, J. W. Greenwood, stating that the change is now to be made. The papers and office furniture will move on Saturday afternoon, and the office open in its new centrally located quarters on Monday morning.

### SAKAMON DRILLINGS

Mr. J. Murray, manager of the Sakamon Amalgamated and Oil Co., left town on Thursday. The company have a drilling outfit on the ground at the best standard and have an eighteen inch hole down 280 feet. The drilling rig is capable of going down 3000 feet. The drilling rig and other plant and material of the company reached 24 tons. The drilling is being done at the south west angle of Sakamon Lake and will be five miles from the asphalt deposit, samples from which have been used in the city pavement.

### SUSPECTED OF THEFT

What is believed to be an important capture was effected last night by Constable Corney, of the R.C.M.P. M. P. The officer noticed a man named Harry Howard acting suspiciously on a train at the C.N.R. depot and promptly took him into custody and handed him over to the city police. Upon being searched the sum of three hundred and eighty dollars was found in his possession. Members of the city police allege that Howard answered the description of one of the men who are said to have been guilty of pocket-picking in the city of late.

### MARRIAGE-PACE

A very pretty home wedding was witnessed at the home of Mr. and Mrs. Fred Parker, Ninth street, on Wednesday evening last at 8:30, when their daughter, Thelma Lorena, was united in marriage to Mr. Humphrey W. Hamman, accountant of the Imperial Bank, Edmonton. The bride was given away by her father and was dressed in a charming gown of bridal rays. Miss Cronshaw played the wedding music, while Rev. W. E. McQuibbin, of McQuibbin church, led the knot.

After the ceremony the guests sat down to an appetizing dinner, the tables being decorated tastefully with white carnations and musk. An interesting feature was the presence at the table of four generations of the Parker family.

Mr. and Mrs. Harrison left on the evening train for St. Louis, where they will spend their honeymoon, after which they will return and reside in Edmonton.

### RENTY FIRM'S PURCHASE

Crefco, Lee and Gallinger have purchased the part of block 4, bounded between Arnes street and the Franklin street extension, and the Franklin street extension, for the purpose of the triangular piece of property between the road running past the exhibition grounds and the tracks. Fifteen thousand was recently paid for the lot 2 to 12 in block 2.

Mr. Gallinger stated yesterday that the really market would soon take a turn for the better and he was of the opinion that Edmonton would be just as valuable to have as it ever was.

### CHILDREN'S AID MEETS

The next monthly meeting of the children's aid society was held on Wednesday evening, July 10. The reports received from the mothers of the children's society, held at the children's boarding house, and from the society's agent, showed that the work in all departments has been carried on very successfully during the month.

Two items of interest came up at the meeting, one being the gift of \$18 from Mr. J. J. Stanger of the Press theatre, being part of the proceeds of a moving picture show held on Sunday afternoon, June 28, the other was a report from the president, that the Revision Committee company has presented a large representation to the society for the use of the children's boarding house. This was a particularly acceptable gift. The gift of the hot weather which prevailed in June.

Members of the society are also due to the friends who contributed articles of clothing, etc., for use in the children's shelter during the month.

### Around Corridors

Malcolm Grant, who has an open contract out of Clover Bar, is a guest at the Royal George, on his way back from Minneapolis, where he has been spending a short holiday.

Donald Grant, for some time contractor on the C.P.R. at Hinton, is sick in the city after an extended visit to his home in Oklahoma and other western states points. He is a guest at the Royal George.

Roy Williamson, stockbreeder at the Royal George, is a guest at the Royal George. His wife, Mrs. Williamson, is a guest at the Royal George. His wife, Mrs. Williamson, is a guest at the Royal George.

There seems every likelihood that within the next three days a service will be put on by the C.P.R. from Montreal through to Toronto, thence over the Grand Trunk, North Bay and by the T.N.C. to Toronto and then on over the C.P.R. to Montreal.

While it is impossible to say definitely at the time and Mr. Williamson, there seems a probability that this point will be made. The nature is quite a place as a large amount of shipping to the C.N.R. line is now being in from here.

This is the junction point of the G.T.P. and C.N.R. and the two roads are completed to the coast, passengers on the G.T.P. wanting to go to Vancouver could branch off to the C.N.R. and by going to Port Moody, reach Vancouver on a shorter route.

A. B. Palmer, of Palmer Brothers and Humber, who have a fifty ton contract on the C.N.R. from Mile 49 to 147, was, arrived in the city yesterday from the front and is a guest at the Royal George. That company have miles of very heavy work upon their contract, etc. or seven hundred having to be put through in this distance and the company have about 100 men working. The first lot of work of 49 is the lightest on that end of the line and already a great part of it has reached completion, the work being largely cut and fill of earth and low levees.

At present the company are teaming materials from the C.N.R. depot at G.T.P. Work is now progressing on a lot road to the crossing of the Thompson and a branch line will be built at this point and work pushed from both ends.
